

HERITAGE CAPITAL LLC

Invest for Tomorrow. Live for Today.™

A full Street\$mart is long overdue and I apologize to those waiting for it. Between month end, quarter end, writing my quarterly client report and traveling, I just have not finished an issue. I do, however, have several partially finished issues which coupled with \$2.50 will get you on the subway!

I continue to publish frequently on www.InvestForTomorrowBlog.com and recently began sending out an email when new posts are up. If you are interested in receiving notification of new blog posts, please sign up by going to <http://www.investfortomorrow.com/BlogAlerts.asp>

I head to New York on Wednesday to spend time with my friends at Yahoo Finance's Breakout which is always fun. They should have 2-3 segments posted later this week.

After that, I am scheduled to be with Maria Bartiromo on her new show, Opening Bell, on the Fox Business Channel. I can't tell you how excited I am to play co-host in the 10:00am to 11:00am hour. Maria is one smart woman and I better be on top of my game!

Finally, for those observing Passover, I wish you a Happy Pesach surrounded by family!

To Your Financial Success,

Paul Schatz
President

Heritage Capital, LLC is an independent RIA not associated with any financial institution. Data used in this publication is gathered from reliable sources, although completeness and accuracy cannot be guaranteed. Performance results do not take into account any tax consequences and are not predictive of future results. This publication does not give any specific investment advice, does not provide financial planning services, or consider any individual's financial situation, needs or goals. This publication may not be reproduced or retransmitted in whole or in part without the consent of the author, Paul Schatz.

Important Disclosure Information

Heritage Capital LLC ("Heritage") composite performance results represent time-weighted actual performance results for continuously managed Heritage accounts, which individual accounts Heritage believes to be representative of its investment management process (i.e. mutual funds and exchange traded funds) for each specific strategy during the corresponding time period. The composite performance results reflect the reinvestment of dividends and other account earnings, and are net of applicable account transaction and custodial charges, and the separate fees assessed directly by each unaffiliated mutual fund and exchange traded fund holding that comprised each account, and the maximum investment advisory fee that the accounts would have incurred (by applying the Heritage's current investment advisory fee of 2.00% as set forth in its current written disclosure statement) during the corresponding time periods.

Please Note: Past performance may not be indicative of future results. Therefore, no current or prospective client should assume that future performance will be profitable, equal the performance results reflected, or equal any corresponding historical benchmark index. The historical index performance results for all historical benchmark indices do not reflect the deduction of transaction and custodial charges, or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing indicated historical performance results. The historical performance results for all indices are provided exclusively for comparison purposes only, so as to provide general comparative information to assist an individual client or prospective client in determining whether the performance of a Heritage program meets, or continues to meet, his/her investment objective(s). A corresponding description of each index is available from Heritage upon request. It should not be assumed that Heritage account holdings will correspond directly to any such comparative benchmark index. The Heritage performance results do not reflect the impact of taxes.

For reasons including variances in the investment management fee incurred, market fluctuation, the date on which a client engaged Heritage's investment management services, and any account contributions or withdrawals, the performance of a specific Heritage client's account may have varied substantially from the indicated portfolio performance results.

In the event that there has been a change in a client's investment objectives or financial situation, he/she/it is encouraged to advise Heritage immediately. Different types of investments and/or investment strategies involve varying levels of risk, and there can be no assurance that any specific investment or investment strategy (including the investments purchased and/or investment strategies devised or undertaken by Heritage) will be profitable.

Information pertaining to Heritage's advisory operations, services, and fees is set forth in Heritage's current disclosure statement, a copy of which is available from Heritage upon request. Performance results have been compiled solely by Heritage, are unaudited, and have not been independently verified. Heritage maintains all information supporting the performance results in accordance with regulatory requirements.
